President's Article

Jeff LeMere

June 2014

Our past meeting, May 14, with Mr. Roger Watts, Owner from Medical Gas Systems Solutions, was very interesting and informative, Thank you Rodger.

June's meeting will be a presentation on Double Containment Piping. Diana Mollicone, EIT, from IPEX will be here to discuss some of the guidelines for double containment piping systems. Please refer to Joe Eppolito's article for a full description of the seminar.

PMCA/ASPE golf outing this summer – Monday August 11, 2014 at Wanakah Country Club. Details to follow and be posted on our website.

September is the ASPE Convention and Exposition, please see all info. on the ASPE website. Should you have any questions, concerning the convention, please get in touch with one of the board members, anytime and we'll be glad to help.

As in the past, we will be joining PMCA and ASHRE for a couple of joint meetings next year.

As mentioned many time before, this chapter of ASPE is here for you...should you have a topic that You would like us to get a presentation together for, please let one of us know and we will do our best to make it happen.

Hope to see you all on Wednesday June 11, 2014 - Noon at the Eagle House.

V.P. Membership

Joseph Eppolito, CPD

Our last general meeting of the 2013/14 year before we break for the summer will be at the Eagle House at noon on June 11th featuring Diana Mollicone, EIT.

Diana is an Applications Specialist at IPEX. Diana's primary focus, within IPEX, is providing technical support for the design and installation of plumbing and process piping systems. She received her Bachelor's Degree in Materials Engineering in 2010 from the University of Toronto as well as her Master's Degree in Mechanical Engineering from Ryerson University in 2012. Prior to joining IPEX, Diana spent two and a half years in the consulting industry as a Piping Engineer for mineral processing plants. Since joining IPEX in 2013, she has been involved with thermoplastic piping system applications for various industries. Combined, Diana has over 3 years working with piping engineering and design.

Description of Seminar:

This seminar will go over design guidelines and best practices for double containment piping systems. Topics covered include applications, material selection, system design, and leak detection methods.

Learning Objectives:

- Understand the EPA regulations behind double containment piping
- Understand the purpose of double containment piping systems
- Understand the system design requirement differences for the carrier and containment piping
- Understand the different leak detection options
- Applications (Traditional and non-traditional)

2014 Golf Outing:

Like last year our annual golf outing co-hosted with the Western New York Association of Plumbing and Mechanical Contractors will be held on Monday Aug. 11, 2014 at the beautiful Wanakah Country Club, 5161 Lakeshore Rd., Hamburg, NY. Details will follow when completed. As in the past we will be looking for Hole and Skills Competition sponsors. Registration forms will soon be posted to our website at www.buffalo-niagara.aspe.org, so get your foursome together for what promises to be the golfing event of the summer.

2014 ASPE Convention and Exposition:

Registration is now open for the 2014 ASPE Convention and Exposition to be held in Chicago September 20-24. This year's Convention will include a celebration of the 50th anniversary of ASPE. Visit www.aspe.org to register.

Industry News

Bryan Schaefer

News around ASPE:

Tim Mahon joins manufacturer's rep agency Emerson Swan for Plumbing sales. He has worked in the business for many years around the Buffalo area.

Chris Hall who had formerly held the position has moved on to warmer pastures in Florida. Good luck Tim and Chris!
